

## Our partnerships

### Our partnerships

Our number one priority is to help you achieve your goals and get the job you have always wanted.

A big part of this involves the strength of our partnerships with respected and forward thinking organisations such as:

- [Oxford Brookes University](#) <sup>[1]</sup> - allowing you to complete foundation degrees and PGCE with us and to progress on to the third year of a related bachelor degree at the University
- [Oxford Spires Academy](#) <sup>[2]</sup> - focussing on English
- [University of Bedfordshire](#) <sup>[3]</sup>
- [SOFEA](#) <sup>[4]</sup>

These relationships have allowed us to share resources and expertise whilst strengthening development for the future, becoming the progressive and pioneering college we are today.
